

Samsung & LG Smart TVs

Currently supported Smart TVs are Samsung and LG

App can be found on the supported tv App Store (smart iptv)

A onetime activation fee will be required when using app, however, you can try it for seven days

Setup is fairly simple:

- Go to <https://smart-stb.net/>
- Click “GET ACCESS”
- Enter MAC Address from App

TV MAC address (Click here to find the TV app's MAC address)

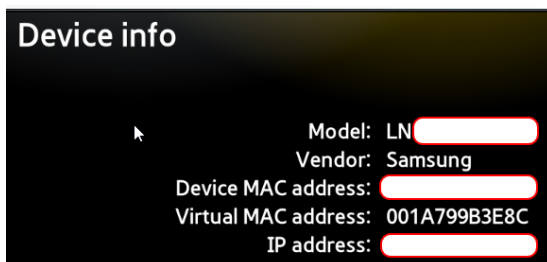

11:22:33:44:55:66

- Follow link to find your TVs MAC Address
- <https://smart-stb.net/index.php?url=/kb/faq/how-to-check-mac-address-of-samsung-smart-tv>
-
- Enter M3u URL that we provided into Link

Portal URL

http://Epicstream.tv:7000/c

- Click Add link
- Email us the following info (picture via phone preferred)

- Once you receive a confirmation email from us Go back to App and Reload
- Channels should be loaded and you're done!!!
